MDVLCraft skill trees

Version 1.9.19. Totals for the **whole** tree. Pick 2 archetypes; each tree gives 1 point to start and 1 per level, with no level cap. Percentages add to the base; Max Health is in half-hearts. Abilities (spells and techniques) go on the ability wheel; Epic Fight skills go in the Combat Skills box of the abilities screen. Core stats are in this table only; bonuses shared by a whole class are listed once, at the top of its page.

Origins

Picked on first joining, separately from the archetype trees: one race and one class. Everyone is normal player size.

Races

Race	Powers
Arachnae	**Climber** The fine bristles on the Arachnae's legs allow them to climb up walls. **Many Eyes** The Arachnae's eight eyes are all adpated to darkness, and allow them to see clearly even with very little light. **Venomous Bite** Arachnae's fangs contain venom, and every attack has a chance to inflict poison. **Web Slinger** Arachnae can, on command, spin webs in which their opponents will be immobilised for a short while. **Bottomless Stomach** Arachnae require a larger quantity of food to stay alive. **Fragile** The Arachnae's exoskeleton is more vulnerable to damage. They have slightly less health than a regular human. **Master of Webs** You navigate cobweb perfectly, and are able to climb in them. When you hit an enemy in melee, they get stuck in cobweb for a while. Non-arthropods stuck in cobweb will be sensed by you. You are able to craft cobweb from string.
Dwarf	**Dwarven Tech** Dwarves are capable of mining stone without a pickaxe, and mine anything faster than others. **Nocturnal Eyes** Dwarves can focus to see clearly without needing any light source. **Dense** Dwarves are extremely heavy for their size; they sink rapidly in water.
Feline	**Strong Ankles** You are able to jump higher by jumping while sprinting. **Velvet Paws** Your footsteps don't cause any vibrations which could otherwise be picked up by nearby lifeforms. **Nine Lives** You have 1 less heart of health than humans. **Catlike Appearance** Creepers are scared of you and will only explode if you attack them first. **Nocturnal** You can slightly see in the dark when not in water. **Soft Landing** You always land on your feet: fall damage is reduced by 25%.
Half-Ogre	**Bloodlust** Ogres are known to unpredictably fly into a blinding rage, where they can stomp through a horde of foes quickly but can barely make out what's happening around them. **Ravager** Axes feel right in an Ogre's hand; this comfort allows them to swing with much more force. **Lead Belly** Ogres care little for what they eat. Food is food. They do not experience poison or hunger. **Stocky** Ogres' thick skin and dense bones make them able to tank many more hits than others. **Ravenous** Ogres are almost never full; they need to eat near constantly to stay satisfied.'
Hobgoblin	**Greedy** Hobgoblins have a special relationship with treasure: they find more loot with golden weapons and take less damage in a full set of golden armor. **Careful Hoarder** Gold in a goblin's hands lasts for much longer than most others who are careless with it. **Cunning** Goblins are clever creatures, and know where to find more rare loot most others would miss. **Frail** Due to their small stature, goblins' have less health and are more prone to damage.
Human	–
Kirin	**Nocturnal** You can slightly see in the dark when not in water. **Acrobatics** You never take fall damage, no matter from which height you fall. **Nine Lives** You have 1 less heart of health than humans. **Strong Ankles** You are able to jump higher by jumping while sprinting. **Climb** [Save Toolbar Activator] You are fast at will and can climb blocks. **Exhaustion** You get hungry a little faster. **Jump Boost** You can launch yourself due to your strong legs and nature. **Unrivaled Speed** As a special ability, you gain high speed for a short time.
Merling	**Wet Eyes** Your vision underwater is perfect. **Aqua Affinity** You may break blocks underwater as others do on land. **Fins** Your underwater speed is increased. **Like Water** When underwater, you do not sink to the ground unless you want to. **Gills** You can breathe underwater, and on land just like anyone else.
Ratfolk	**Climbing** You are able to climb up any kind of wall, not just ladders. **Fragile** You have 3 less hearts of health than humans. **Rat's Eyes** Your eyes have adjusted well to the dark, allowing you to see perfectly. But water causes your vision to diminish. **Scavenger** Mobs drop more loot. **Tail Whip** You are able to give your attacks strong knockback. **Toxicity Evolved** Immune to poison effects caused by food. **Vicious Bite** You can use your inherent rat abilities to deliver a powerful bite.
Saurusfolk	**Tailwind** You are a little bit quicker on foot than others. **Acrobatics** You never take fall damage, no matter from which height you fall. **Bite Force** Your strong bite allows you to deal a little more damage. **Strong Legs** You jump higher when you are sprinting due to your strong legs.

	Pounce You can jump forward into the direction you are looking at. **Smaller Body** Because your body is smaller, you are more fragile.
Shadow	**Behind You** [Save Toolbar Activator] You can use shadows to creep up on others, using their shadow to appear behind them. **Fragile** You have 3 less health than a human. **Shadow** In low light conditions, you become invisible, but moonlight and sunlight expose you. You also cannot wear armor above iron without being revealed. **Used to Darkness** Your eyes are accustomed to the dark, so you have permanent night vision.
Sharkfolk	**Aqua Affinity** You may break blocks underwater as others do on land. **Like Water** When underwater, you do not sink to the ground unless you want to. **Fragile** You have 3 less hearts of health than humans. **Unwieldy** The way your hands are formed provide no way of holding a shield upright. **Gill-Lungs** You can breathe on land and in water. **Greedy** You get hungry faster and get the Hunger status effect on land. **Lunge** Lunge forwards (acts like Riptide). **Razor Teeth** You deal extra attack damage. **Speedy Boi** You get Dolphins Grace while submerged in water.
Siren	**Amphibious** In water, sirens can breathe and interact normally, see perfectly clearly, and they swim with increased speed. **Sirens' Song** Activate to overwhelm enemies in a large area, preventing them from harming you for a short time. Does not work on bosses or players. **Holy Water** Sirens have much more quickly regenerating bodies, but only while fully submerged. **Out of Your Depth** While on land, Sirens heal and regenerate at half the usual rate. **Like Water** When underwater, you do not sink to the ground unless you want to. **Captivating** Press the secondary active key to gain favor with a villager and receive better trades from them.
Sporeling	**Tailwind** You are a little bit quicker on foot than others. **Featherweight** You fall as gently to the ground as a feather would, unless you sneak. **Decomposer** Since you are a decomposer, you are immune to the Wither, Poison, and Hunger status effects. **Pyrophobia** You take much more fire damage. **Fragile Cap** You have less health. **Jockey** You can ride on other players. **Spore Spreader** Secondary Ability: Spread spores around you that poison all nearby entities in a 4-block radius. **Wind-Catching Cap** You are faster in the air. **Updraft** Blast spores into your cap to launch you upwards.
Wood Elf	**Natural Archer** Wood Elves spend their whole lives training with bows - their arrows are always more deadly. **Focus** After charging for a few seconds, release an arrow at increased velocity, piercing enemies, flying further, and dealing more damage. **Eagle Eyed** Wood Elves can track an enemy for a short time after damaging them, even when they aren't in view. **Graceful** Wood elves are not as powerful, but they are quick. Your attacks deal reduced damage but are slightly faster.

Classes

Class	Powers
Archer	**Accuracy** All of your projectiles have increased accuracy. **Agility** You can move quicker than others while drawing your bow.
Beastmaster	**Fauna Friends** Animals you tame receive a permanent buff to their health and strength. **Effective Empathy** Your nearby tamed animals also receive potion effects when you drink a potion.
Blacksmith	**High-Quality Equipment** Equipment you create provides small buffs. **Efficient Repairs** Repairing equipment in an anvil costs less material. Repairing by combining equipment restores more durability.
Cleric	**Refined Potions** As a last step in potion brewing, you may refine the potion with water from a cauldron. Refined potions will have strengthened instant effects and longer lasting effects. **Enchantment Mastery** You are able achieve higher enchantment levels at an enchantment table.
Cook	**Good Meals** Food crafted by you is more saturating. **Smoking** You receive more experience from cooking food in a smoker.
Explorer	**Explorer Kit** You start the game with a compass, a clock and nine empty maps. **Fit** Sprinting doesn't cause you to exhaust.
Farmer	**Bountiful Harvest** When harvesting crops, there is a chance that you receive twice the yield. **Fertilizing Techniques** Bone meal is twice as effective in your experienced hands when used on crops and plants.
Lumberjack	**Timber!** You cut down whole trees at once, unless you sneak. **Woodcutting** You gain two more wooden planks from a single log when crafting.
Merchant	**Restocking** Villagers you trade with never run out of resources to trade for you.
Miner	**Mining Expert** You mine stone material quicker than others. **Experienced Excavator** Breaking blocks doesn't cause you to exhaust.
Nitwit	–
Rancher	**Twin Births** Animals bred by you have a chance to produce two babies. **Scavenging** You are able to sometimes receive more material from killing animals.
Rogue	**Sneaky** Your nameplate is never visible through walls, even when you're not sneaking. **In the Shadows** When you have been sneaking for 10 seconds, you enter Stealth. **Stealth** While in stealth, you make less sound. You exit Stealth when you stop sneaking.
Warrior	**Weapon Knowledge** Able to use each weapon to its fullest potential, you deal a bit more damage. **Shield Wield** You are slowed down less when protecting yourself with a shield.
